### The Circle of Courage

For thousands of years, American Indian cultures nourished respectful and courageous children without employing punitive discipline. Now, recent youth development research is revealing the essential elements in raising confident, caring children. Drawing on his research with Drs. Larry Brendtro and Steve Van Bockern in their book, *Reclaiming Youth at Risk*, Dr. Martin Brokenleg presents "The Circle of Courage" which offers concrete strategies for creating environments in which all young people can grow and flourish.
